GLOBAL WEEK OF PRAYER

24-7 Prayer began as one small prayer room on the south coast of England. It is now an international, interdenominational movement of prayer, mission and justice; a non-stop prayer meeting that has continued for every minute of this century so far, in over half the countries on Earth. From 6th-13th September, they're inviting the global Church to pray non-stop in every nation on earth in the Global Week of Prayer. To find out how to take part visit

www.24-7prayer.com/weekofprayer/

There are also lots of resources about prayer on the website.

For the Global Week of Prayer, 24-7 Prayer join with other partners including Tearfund, our charity of the month. This year Tearfund have produced some prayer resources on the impact of climate change, conflict and gender-based violence on extreme poverty. These are available at

www.tearfund.org/campaigns/global-week-of-prayer

CREATIONTIDE

The Season of Creation, Creationtide, runs from 1st September to the 4th October each year. There is a new ecumenical festival, The Festival of Creation in Christ, which is on 6th September this year. The Church of England has produced a new teaching document on creation and the environment called *Hope for All Creation*. For an online version and for more resources about the environment and climate change visit:

Some prayers you may like to use during this month:

From www.tearfund.org/get-involved/take-action/pray-for-justice/praying-for-our-climate-resource:

Lord God, you made the world and declared it was 'very good'. And yet, we have not treated the earth and our fellow humans with the care and respect they deserve. We are sorry and ask for your forgiveness. Give us the courage to keep raising our voices about the climate emergency, which affects people living in poverty the worst. And may your Spirit of peace be in the hearts of all people, so that conflicts end in peace, and relationships are restored. Amen.

From prayerlit.com/prayers-for-climate-change/

Lord, we pray for justice in the face of climate change. Help us to stand up for those who are vulnerable and disadvantaged. Guide our leaders to make fair decisions and implement policies that protect the environment and promote equality. May our actions reflect Your justice. Amen.

Dear Lord, we seek Your guidance for sustainable practices and solutions. Help us to find new ways to reduce our environmental impact and to live in harmony with nature. May our efforts be fruitful and lead to a healthier planet for future generations. Amen.

Lord, we pray for the reduction of pollution in our environment. Guide our actions and policies to decrease waste and emissions. May our efforts result in a cleaner and more sustainable world. Bless our endeavours to protect the beauty of Your creation. Amen.

Lord, we pray for the conservation of our oceans. Guide us in protecting marine life and ecosystems from pollution, overfishing, and other harmful practices. May our actions help restore and sustain the health of the seas. Amen.

Lord, we pray for those researching climate change. Guide them in their work, providing them with the wisdom and tools they need to find sustainable solutions. May their discoveries bring hope and healing to our world. Amen.

Dear God, we pray for global cooperation in addressing climate change. Help nations work together to reduce emissions, conserve resources, and protect vulnerable communities. May this cooperation lead to meaningful and lasting progress in caring for the Earth. Amen.

From www.faithandworship.com/prayers_care_for_Gods_world.htm (© John Birch, 2020)

Creator God, forgive us if we think this world is simply to be exploited. Open our eyes to see the damage that we do. Open our ears to hear and not ignore the signs. Open hearts to change. Make us the gardeners and caretakers that you created us to be, that this fragile world might be handed on with pride, not shame, to future generations.

Creator God, we give thanks that science is continuing to increase our understanding of the world we live upon and the bodies we live within. We pray that knowledge gained by research and technology might not simply be profit-driven, but kindle a growing desire for the common good of all, that rich and poor alike might see the benefit and humankind become, as in the time of Eden, good stewards of this earth.

We come to you, Lord, for the hungry of this world, that they might find food to eat. We come to you, Lord, for the thirsty of this world, that they might find water to drink. We come to you, Lord, for the homeless of the world that they might find somewhere to live. We come to you, Living Water, Bread of Life, for whom this earth was but a temporary home, that these, your precious people might find within your mercy and gracious provision an answer to their needs.

From www.churchofengland.org/prayer-and-worship/topical-prayers/prayers-world-environment-day

Creator of our common home, you fill the earth and sea and sky with life. Forgive us our neglect of your creation, the choking waste of our pollution, the damage done by careless habits and our indifference to future generations. Help us to amend our lives to refuse more plastic if we can't reuse it, to lift our voice for lasting change and to live well and gently on the earth. To the glory of your Son, the Living Word through whom you made this fragile world. Amen. *The Rt Rev'd Stephen Croft*
